KP

Kevin Purcell

Professional Summary

Logical and results-driven Web Developer dedicated to building and optimizing user-focused websites for customers with various business objectives. Judicious and creative when crafting effective websites, apps and platforms to propel competitive advantage and revenue growth. Technically proficient and analytical problem solver with calm and focused demeanor.

Work History

Greentool - **Front End Developer**
Philadelphia, PA
04/2019 - 08/2020

- Conceived and built optimized landing pages in HTML , CSS, and jQuery. This included cross-browser compatibility.
- Employed coding practices based on commonly accepted standards to establish site layout and user interface.
- Conducted unit testing to deliver optimal browser functionality.
- Reviewed code to validate structures, assess security and verify browser, device and operating system compatibility.
- Collaborated with in-house web designers to create sleek and innovative UI design.
- Styled landing pages, dashboards and online applications using JavaScript, CSS, and Bootstrap.
- Employed prefabricated design patterns to shorten development times by applying existing frameworks, specifically Flask.
- Integrated DevOps automation techniques alongside code repositories like GitHub.

Vertical Screen, Inc. - **Human Resources Researcher**
Warminster, PA
10/2014 - 04/2018

- Verified employment and school graduations claims.
- Prepared monthly, weekly and daily logs using Microsoft Office Suite.
- Answered average of 120 plus calls, emails and faxes per day, addressing customer inquiries, solving problems and providing product information.
- Engaged in continuous learning and development opportunities to promote continued performance improvement.
- Adhered to company policies and scripts to consistently achieve call-time and quality standards.
